Fair

New to UK from America EVAPORATIVE COOLING

Evaporative Cooling features:

- Achieve target temperature - even in extreme heat
- Reduces electric consumption and power requirement
- Quick and easy to install
- Available in any size
- Flexible - Fit to existing or new buildings

The purchase and installation costs for this system are much less than you might think and the ongoing saving and performance improvements make it ideal for use in the UK. Find out more at Stand 247.

See our Rainwater Recycling Plant demonstrated and find out how a large UK-based farm is operating at zero water costs...
